

Dear All,

It's with great pleasure that we invite you to participate in the 2009 SIEMCC – STETSON INTERNATIONAL ENVIRONMENTAL MOOT MOOT COURT COMPETITION (Latin America & Caribbean Rounds). The SIEMCC will be held from 12 to 15 February, 2009 in Belo Horizonte, Minas Gerais, Brazil.

The Competition is a simulation based on International Court of Justice. The conflict is between the Republic of Rossland and Commonwealth of Subere. In light of this conflict, it is your job to present a legal defense for both parties and try to find the best legal solution for each of them, taking due consideration of the overlap of the regional and the world trade system.

The case, rules, official schedule and registration procedures are available at <http://gedi.objectis.net/stetson>. The deadline for the team registration is 1st November, and the memorial submission deadline is November, 21.

Hope to see many of you competing in Brazil at next year!

For any inquiries, please, don't hesitate to contact us by
